Language Recordings UK Newsletter

Welcome to this latest issue of The Messenger. We trust you are doing well & thank you so much for your prayers & support. Here's some of our recent news.

KOSOVA VISIT

In June a team of eight from Scotland flew to Kosova & met up with our special friends there in Gjakove. Our whole week was very busy thanks to the organisation of Pastor Faton & his team. Our team were willing to do whatever to help the people we met. We visited many villages & families, where at times we saw much hopelessness & depression. We gave out lots of clothing, shoes, toys, Albanian recordings & distributed groceries & small gifts to those we met. The church team there were amazing & do this type of work all year round. They have built up some wonderful relationships with the mostly nominal Muslim & Roma groups there. During this time we also shared at various widows groups, kids & youth groups, & church services.

Telling the Story of Jesus in Every Language

NORWAY VISIT

Norway: Last month Joan & Sylvia travelled to Bergen, Norway to work with the Seamen's Mission for 10 days. They worked alongside our Dutch colleague Roelie. They loved meeting the foreign crew members from the cruise ships who visited their drop-in centre. They showed hospitality & God's love to these workers, many of whom are quite isolated from their families for long periods. They distributed many CDs & literature in their own languages & prayed with some.

KOSOVA. We met many families and many new friends in Kosova.

KOSOVA. We helped fund a holiday camp for widows and it was a huge success.

NORWAY. The drop-in centre was popular with crew members of the ships stopping off in Bergen.

“These materials are really excellent and already have proved to be so useful here.”

RECORDINGS

While in Kosova, I was also able to make some new recordings in the Kosovan Albanian language, which can now be heard on our Global Recordings web site. We enjoyed our time there & thank you for all who supported these projects.

Upon returning to the UK we travelled to London to make recordings in Mongolian. We had planned this project for a while and had a great time with our Mongolian translator. We hope to meet her again in the future.

This and our newest Japanese recording will be available on CD, DVD, from the GRN web site & also through our 5fish.mobi app. Praise God for all these ways that people can hear The Gospel in their own language.

We still continue to send out our recordings & flip charts resources around the world. A missionary friend in Tanzania commented: “A Big thank you. There are still adults

NEW RECORDINGS!

* It was wonderful to meet this young Mongolian student who is volunteering in a Christian college in London.

Our most recent recording has been made in Japanese from our “Look, Listen & Live” series

in villages who have never seen illustrations for example, of Calvary. We took the “Good News” flip chart for sessions with children, but all the adults were fascinated & had never understood before. These charts are really excellent for village Sunday Schools”.

Another missionary wrote from Sierra Leone, “These materials are really excellent & already have proved to be so useful here. I am so impressed I would like to order some

more, which I will use to resource the various children’s workers I will be training over the coming months”.

Legacy: Thank you so much to all of you who support our work through prayer & giving financially. We really appreciate you as part of our team. If you would consider leaving something in your will or estate to Language Recordings UK, that would be wonderful. This would enable this unique work to continue. Thank you.

FUTURE NAME CHANGE

Presently we are discussing changing our name from Language Recordings UK to **Global Recordings Network UK**. We are part of Global Recordings Network & most of our other centres around the world are known by this name. We believe now is the right time to make this change. The name change won’t affect our work in anyway, letters and cheques addressed to Language Recordings will still reach us, but it aligns us internationally with our colleagues. We will keep you posted.

Dear friends, thank you once again for partnering with us in getting the “Good News” out to those who have never heard. God Bless you & bye for now. Kenny.

Some Sad News: Our dear friend & colleague Jacques Nignan, the Burkina Faso director for many years, died suddenly recently. We will all miss his smiling face & gracious manner. We send his wife Louise & family our condolences & love.
